

News from
12d Solutions

Welcome

...to the latest edition of The Dirt Digger.

This issue will feature:

- 12d Model Updates
- 12d Synergy Updates
- 12d Tech Forum 2026
- 12d Innovation Awards 2026
- International Updates
- Updates: The Civil and Surveying Institute

We look forward to hearing any feedback or news you might have.

Regards,

Dr Lee Gregory

Managing Director

lee.gregory@12d.com

Alan Gray

Technical Director

alan.gray@12d.com

Major 12d Model Upgrade

12d Model V15C1u is a major upgrade and includes:

12d Field: 12d Field Administrator control functionality, modernised attribute names and configuration fields. Support for many new instruments including the Leica TS20, Trimble Vision and calibration support, and support for Bince, CHC, Emlid, GeoMate, Hemisphere, Hi-Target and Tersus GNSS units.

Water: new Quick Water options, Preburst, SSP, Tabular editors for nodes and links, and for risers, 2D Water Analysis, speed-ups in Dynamic Analysis, updated Catchment Creator, Purpose mode, Critical Mean and Critical Median graphs, Undo in WNE (now called General Water Editor).

- GIS Manager
- Support for IFC 4x3 including full georeferencing, survey strings and spatial structure, ADAC 6.0, AutoCAD 2025
- MTF Bent Sections, Snippet Builder, MTF Snippet Apply, and wildcards and wild

characters in many MTF commands

- 12d Culverts
- 3D Markup, more Project Settings, auto Orbit for OGL Perspective views
- Quantities Collections including trimeshes
- More MetaConnex functions, additions to chains
- Over 100 new macro calls
- Large image files, HexFloat support for XYZ Readers and Writers, Point Cloud conflict points
- More drag and drops, Output Windows messages
- AND for Macro writers, the 12d Tech Forum includes a new Special Interest room which will have talks and discussions on writing 12d Model macros.

Coming Soon to 12d Model

12d RAFTS, 12d Culverts including Dynamic Analysis, 12d Accelerated Graphics, Install Manager, audit reports, 12d Reporting, compressed images, South TPS, expanded Hi-Target GNSS...and more!

Exciting Updates Coming Soon to 12d Synergy

The highly anticipated V6 release brings powerful new capabilities to the platform. 12d Synergy V6 introduces:

- **Forms:** Say goodbye to paper and manual data entry. Build fully customised forms with a drag-and-drop editor to collect data from your users, customers and clients, whether it's field surveys, registration processes, client requirements or satisfaction surveys. Control how data is displayed and processed to match your dynamic needs.
- **BIM Viewer:** Visualise IFC and IFCZIP

files, or federated folders combining both, without ever leaving 12d Synergy. Explore a rich set of tools to adjust and interrogate your models exactly as you need them.

- **Issue Tracking:** Raise issue tickets against jobs, files, 12d Model projects and managed folders, and track them through to closure. Issues are categorised under customised types, each with defined stages, so your team always knows where a problem stands and what needs to happen next.
- **CDE Connect:** Break down silos by connecting your CDE with other platforms.
- **New Integrations:** Explore new capabilities for MicroStation & OpenRoads, FME, Power BI, and many more.

Don't miss the chance to see what's coming to 12d Synergy at the [12d Tech Forum 2026](#)!

12d Tech Forum 2026

The 12d Tech Forum 2026 will highlight 12d Model 15 C1u, which will be released before the 12d Tech Forum so you can use all the

new features straightaway. The event will also feature exciting updates about 12d Synergy 6.

The 12d Tech Forum offers a fantastic opportunity for engaging in educational sessions, fostering valuable connections, and networking (sometimes over dinner and drinks!) with other members of the 12d community.

The 12d Tech Forum is the top destination for 12d Model and 12d Synergy customers and partners to gain knowledge and become a part of a thriving community of industry leaders and enthusiasts. It's where the infrastructure industry's finest minds come to learn and share, and it aims to fuel creativity, offer practical expertise, and connect.

When and where

Dates: Sunday 26th, Monday 27th, and Tuesday 28th July 2026

Venue: Brisbane Convention and Exhibition Centre (BCEC) – Plaza Level

Cost

The Full Tech Forum Package for \$1,350 +GST

includes:

- Welcome Event for one person
- Tech Forum Gala Dinner* for one person
- 3 Full Days of Tech Forum Main Sessions
- Any 'Birds of a Feather' Sessions
- Award-winning food at all Morning/Afternoon Tea Breaks and Lunches
- 12d Polo Shirt and Other Goodies!

**Includes the 12d International Innovation Awards 2026 Ceremony*

Credit card payments are accepted through our online store. Day passes will also be available soon—keep an eye on the [12d Tech Forum website](#) for more details as they become available.

What to expect

At this three-day event, 12d Solutions will be highlighting exciting features in 12d Model including new sub-versions, as well as new developments in 12d Synergy,

and more! We will continue the ever-popular 'Birds of a Feather' breakout sessions on Design, Surveying, 12d Water, and Information Management...PLUS a new Special Interest room which will include sessions on 12d Model Macros, and a variety of other speciality topics from 12d Model and 12d Synergy.

This event will be an invaluable learning and networking experience for users of 12d products and other industry professionals, in all areas of civil design, surveying and construction, water engineering, data management, and project collaboration. This event is suitable for users of all levels of expertise.

We'll also have an expanded Exhibition space this time, since we're in a bigger area—this will feature stands from suppliers such as:

- Abtrac
- Civillo
- C.R. Kennedy
- Aptella

- 4D Prisma
- Digital Enginuiti
- ManGoes Mapping

Brought to you by our Sponsors:

- WW Surveys (Gold Sponsor)
- C.R. Kennedy (Coffee Cart Sponsor)
- Stantec (Gala Dinner Sponsor)
- ESO Surveyors (Silver Sponsor)
- 4D Prisma (Silver Sponsor)
- Civillo (Silver Sponsor)
- NetCare (Bronze Sponsor)
- Propeller (Bronze Sponsor)
- Digital Enginuiti (Bronze Sponsor)

The 12d Tech Forum offers:

- A great opportunity to increase your 12d Model/12d Synergy skills
- The ability to interact with the developers of 12d products
- The chance to network with, and learn from, other 12d users.

Reasons to attend the 12d Tech Forum 2026

#1 Gain Invaluable Education and Training

Whether you're a tech newbie or a super user, the 12d Tech Forum is the perfect place to equip your team with invaluable tips and tricks that will boost efficiency and productivity. Discover the latest software updates, industry trends, and best practices to help your team stay ahead of the curve.

#2 Expand Your Network

The 12d Tech Forum isn't just about education and training - it's also a fantastic opportunity to connect with other professionals in your field. Rub shoulders with industry peers, make valuable connections, and exchange ideas that

could take your career or business to the next level.

#3 Get Inspired by Industry Leaders

Elevate your knowledge and gain valuable insights from the 12d Model and 12d Synergy leaders themselves. Learn about the latest technological trends and advancements that will shape the future of the industry. Discover innovative solutions and strategies to help you take your business to the next level.

#4 Unleash Your Potential

The 12d Tech Forum offers a unique opportunity for personal and professional growth, with access to the latest industry trends, practices, and innovations. Expand your knowledge and network with like-minded individuals who share your passion for technology.

#5 Join the 12d Community and Thrive Together

The 12d Tech Forum is more than just an event, it's a chance to join a thriving community. Connect with the 12d Model and 12d Synergy teams, including executives, to share your knowledge and gain valuable insights from experts in the field. Make lifelong friends and be a part of a community that has been growing and thriving for over 30 years.

#6 Celebrate the Industry's Achievements and Have Fun!

Our Innovation Awards Ceremony is the highlight of the event. Attend the Tech Forum Gala Dinner to applaud the ground-breaking work and extraordinary

achievements of the global 12d Community.

Need to convince your boss you should be attending the 12d Tech Forum?

Download our Proposal Letter to show how the

12d Tech Forum boosts your growth and benefits your company.

[Click here](#) to download the letter, update it as needed, and send it on to your boss today!

Registrations have been rolling in; let's get excited together...[register](#) today!

12d Innovation Awards 2026

The 12d International Innovation Awards recognises inspired thinking and innovative solutions in civil engineering, surveying, and data management. Around the world, our industry faces challenging problems and finds inventive answers. The 12d International Innovation Awards highlights some of the best of those solutions.

The closing date for the 2026 Awards is 30th April, so there's still a very short time left to enter if you have an innovation in mind ([email us](#) with any questions).

The Awards Ceremony will take place at the 12d Tech Forum Gala Dinner on 27th July - [register](#) now for our 12d International 12d International Tech Forum 2026 (26-28 July)!

Award Winners and Highly Commended entries will be showcased at the 12d International Tech Forum 2026, and published on our websites, with selected entries being turned into case studies for industry media.

Growing Our Global Footprint

2026 is shaping up to be a landmark year for international growth. 12d Synergy officially expanded into the United States with the opening of a new office, launched at Geo Week 2026 in February. This marks an exciting new chapter in bringing 12d Synergy's data management and collaboration capabilities to AEC teams across North America.

Closer to home in the Asia-Pacific region, both 12d Synergy and 12d Solutions have opened a new office in Vietnam, strengthening our presence and support across the growing AEC market in Southeast Asia.

Know someone overseas we should be talking to? We'd love to hear from you. [Reach out](#) now!

The Civil and Surveying Institute

The Civil and Surveying Institute (CSI) is an authorised 12d Model training centre offering training programs for novices through to experienced 12d Model users.

For instructor-led courses, CSI has online and face-to-face training, either as open courses, or courses restricted to one company.

They also offer [Self-Paced Online Training \(SPOT\)](#). With SPOT, you work through a course at a time of your choosing, from anywhere in the world - all you need is a Microsoft computer, two screens, an internet connection, and an interest in learning.

Once enrolled in a SPOT course, you can play, and replay, the videos for twelve months, and on successfully completing all the lessons and any associated quizzes, you receive a Certificate of Completion. Most courses also include access to a 12d Model licence for up to six months.

Another service offered by the Civil and Surveying Institute (currently for Civil Design Basics only) is Proctored exams. In a proctored exam, you are under online supervision and work through, and successfully complete, a number of 12d Model tasks. After passing a Proctored exam, you will receive a Certificate of Competency.

So, if you need civil and surveying training using 12d Model, the Civil and Surveying Institute is the place to go.
